E-GOVERNANCE POLICY

Introduction:

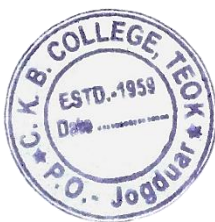

The 'e' in e-Governance stands for 'electronic'. Thus, e-Governance is associated with carrying out the functions and achieving the results of governance through the utilisation of Information and Communication Technology (ICT). In the 21st century, Internet, Computer, and Mobile based communication (ICTs) have become an integral part of our life. It helps us break all communication barriers and allows us to easily access all the information and facilities provided by an organisation.

Objectives:

1. To implement e-governance in various functioning of the institution.
2. To act by the e-Governance policy of the Dibrugarh University, Government of Assam and Government of India.
3. To achieve efficiency in our functioning.
4. To promote transparency and accountability.
5. To achieve paperless administration of the institution.
6. To provide easy access to information.
7. To safeguard the data of the institution.
8. To make the institution globally visible.
9. To digitize the various records of the Institution.
10. To acquaint the students with the various e-learning platforms.

Policy:

1. To provide a simpler and more efficient system of governance within the college. It is decided to adopt and implement e-governance on a maximum scale.
2. Institution embraces e-governance for the seamless access of data for better decision-making at various levels of the organization.
